Address

1. Drive along Warrego Hwy and turn right into Jandowae Rd.
2. Keep heading out of town where you will pass the dump on your left.
3. Next you will then pass the ethanol plant still on your left.
4. DWD is the first place on the left past the ethanol plant. After 400m you will see a drive way with a tractor tyre and a red mail box.
5. All of this is within 2 minutes from when you leave the Warrego HWY in town.
